Chairman, Atomic Energy Commission &
Director, Bhabha Atomic Research Centre (BARC)**

KIIT UNIVERSITY

(Declared U/S 3 of UGC Act, 1956)
Bhubaneswar, Odisha, India

D.Sc. (Honoris Causa)

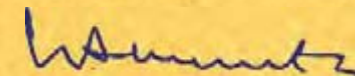

Most Distinguished

Padmashri Dr. Sekhar Basu

Sir,

Your immense contribution in making India an advanced nation in the field of Nuclear Science has made each one of us proud. As the architect of Nuclear Submarine Propulsion Plant at Kalpakkam, you have shown India's capability in handling nuclear technology without any help from others. As the Director, Bhabha Atomic Research Centre, Secretary to Govt. of India, Department of Atomic Energy and Chairman, Atomic Energy Commission, you have been taking India to new heights in the field of nuclear technology. The development of the first Integrated Nuclear Recycle Plant and setting up of a Nuclear Fuel Cycle Park with fuel fabrication and reprocessing facilities in India and then setting up of Thermo Nuclear Experimental Reactor in France under your leadership show your brilliance. No wonder that prestigious institutions like INAE and ISNT have honoured you.

In recognition of your outstanding research and stupendous contribution to India's Nuclear Programme, KIIT University unanimously resolves to confer the Degree of Doctor of Science (Honoris Causa) on you, this day the 7th November 2015, on its 11th Annual Convocation.

(Achyuta Samanta)
